

1 2. Officer Bell testified that, pursuant to *California Vehicle Code* section
2 21455.5(a), a program to issue only warning notices for thirty (30) days commenced on May 18,
3 2003, through June 30, 2003. Officer Bell further testified that the system is identified by signs,
4 clearly indicating the system's presence, visible to traffic approaching from all directions and/or
5 at all major entrances to the City.

6 3. Officer Bell testified that, pursuant to *California Vehicle Code* section
7 21455.6(a), a public hearing was conducted by the Santa Ana city council on July 1, 2002, on
8 the use of automated enforcement systems. Officer Bell additionally testified that public
9 announcements were made on May 16, 2003, when the Agenda for the Public Safety Committee
10 was posted; also, in the form of a press conference and media release on May 27, 2003, part of
11 which was published in the Orange County Register and Los Angeles Times on May 28, 2003.

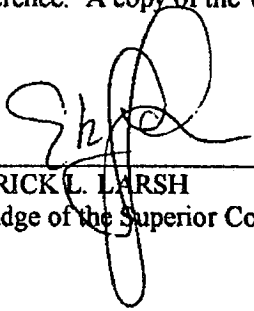

12 4. Officer Bell testified that, on February 17, 2009, an event was recorded via an
13 automated red-light enforcement system and reviewed for any evidence of a violation of
14 California Vehicle Code section 21453 (a) or (c). A citation was issued for a violation, which
15 appeared to be committed by the driver of a [REDACTED] Toyota [REDACTED] (California license
16 plate number [REDACTED]), traveling southbound on Bristol at Segerstrom, in the #3 lane. The
17 vehicle appears to cross the limit line on a red light. The violation was committed at
18 approximately 1:47 p.m. on February 17, 2009. Officer Bell additionally testified that,
19 according to data collected at the time of the incident by the automated enforcement system, the
20 light had been red for approximately 1.2 seconds at the time the first photograph was obtained,
21 and the vehicle was traveling approximately 17 miles per hour. Further, the yellow phase is 4.0
22 seconds and the speed limit for this street is 40 miles per hour.
