Order Concerning Appellant's Proposed Statement on Appeal (Infraction)

1 The court has received and reviewed the Proposed Statement on Appeal (form CR-143) filed by the appellant on (fill in date): 7/12/2010

2 The court makes the following order:

a. The court certifies that parts 3 through 7 of the statement as proposed by the appellant are a complete and accurate summary of the trial court proceedings. This statement is ready to be sent to the appellate division.

b. The following corrections are needed in order for parts 3 through 7 of the statement proposed by the appellant to be a complete and accurate summary of the trial court proceedings.

(1) Sentence at line 20 of page 2 of statement on appeal is incorrect. Officer has seen the traffic box at the intersection but had not looked inside to confirm there is a computer.

(2) Line 18, page 4 correct by inserting the term "secured internet connection." Line 25, page 4 clarification: only Redflex employees with approved password have access to the photos and video stored at Redflex computer.

(3) The most accurate summary of evidence presented at trial is contained in the two written decisions issued by the court in this case.

This modified statement must be sent to the parties.

- c. More corrections than could be listed above were needed in order for parts 3 through 7 of the statement proposed by the appellant to be a complete and accurate summary of the trial court proceedings. A corrected statement is attached to this order. This modified statement must be sent to the parties.
d. The trial court proceedings in this case were reported by a court reporter or officially recorded electronically under Government Code section 69957. Instead of correcting this statement, the court orders under rule 8.916(d)(6)(B) that a transcript be prepared as the record of these proceedings.
e. This superior court has a local rule for the appellate division authorizing the use of an official electronic recording as the record of the oral proceedings. The trial court proceedings in this case were officially electronically recorded. Instead of correcting this statement, the court orders that a copy of that electronic recording be prepared as the record of these proceedings at the court's expense.
