Subject: Signal timing at the intersection of El Camino Real and Millbrae Ave.
Attachments: Jan 20 2015 Yellow Light Timing.pdf

Mr Lee,

I have a copy of a letter sent to Matt Pangalos of the San Mateo Police Department dated January 20, 2015. It lists the timing for two intersections; the subject intersection being one of them. It states that the yellow times were verified for the intersection of El Camino Real and Millbrae Avenue on January 15, 2015. I know that the subject intersection has had the yellow light timing changed sometime between late August 2015 and early November 2015 as I timed the signal and noticed a change from 3 seconds to 3.4 seconds. I am requesting the date of the change and what the timing was changed to. Attached is a PDF of the first letter I referred to.

Thank you,

Robert Cossins

Good morning Min,
I hope all is well.

If possible, can I please get a new **2015/2016** Amber Timing verification letter for SB101 and SB ECR? Attached is the old letter you sent me. And, can I also get the date the amber timing was changed?

As always, thank you for all you do and your ongoing support.

Best regards
